<Moisés Gonçalves_>

<FullStack_Developer>

ABOUT ME!

I have a unique story to share, with a varied career and wealth of experience. Starting in construction and then moving to hospitality before transitioning to IT. I value hard work and dedication and enjoy problem-solving in the fast-paced IT industry.

Combining my practical skills with my interest in innovation and problem-solving has been a fulfilling experience. I am committed to learning and adapting to the rapid changes in the IT industry.

My diverse background gives me a unique perspective that I'm excited to bring to my next challenge.
